PROFESSIONAL SUMMARY

Offering abilities in software development, technical support, and problem-solving. Skilled in C#, ASP.NET MVC, SQL, and RESTful APIs. Adept at collaborating with teams, adapting to new challenges, and delivering high-quality solutions.

EXPERIENCE

August 2024 – Present
Inbound Sales Representative
Spectrum – Tampa, FL

- Navigated proprietary software systems and CRM platforms to manage customer accounts, showcasing technical adaptability and troubleshooting skills.
- Collaborated with IT and support teams to resolve complex billing and service-related issues, reflecting effective cross-functional communication.
- Delivered tailored service solutions based on real-time system data and customer needs, requiring attention to detail and analytical thinking.
- Maintained detailed documentation of client interactions and technical issues to support internal process improvements and data integrity.
- Demonstrated resilience in a fast-paced, metric-driven environment, developing strong problem-solving and multitasking capabilities.

January 2021 - May 2024
Technical Support Associate Concentrix
Tampa, FL

- Provided technical support for Windows-based systems and enterprise software applications.
- Collaborated with development teams to identify and resolve software issues.
- Documented recurring issues to aid in product improvement initiatives.
